SCIENCE ON SATURDAY**

Energy Crisis: Will Technology Save Us?

Come learn from Dr. Cynthia Atkins-Duffin, a LLNL scientist about the Earth's energy sources and how they are being used. Explore how energy is converted and what other alternative energy sources are available when fossil fuels are exhausted. Lecture is intended for middle and high school students but is FREE and Open to the Public.

**Saturday, April 19, 2008
11:00 AM – 12:00 PM
at the Valley Business & Technology Center
California State University, East Bay
25800 Carlos Bee Blvd., Hayward, CA 94542**

**For more information and directions please contact the College of Science: (510) 885-3441 or
